**1A**

Given the language in Article Two of the Will which provides that stepchildren are to be treated as children, upon the death of Petitioner, the Will provides that the assets in the testamentary trust are to be distributed in equal shares to **Cynthia D. Knott, Martin R. Claborn and Kimberly Claborn Miller.**

On April 11, 2014 Petitioner met with an estate planning attorney and was advised that the language of the order provided that **Cynthia D. Knott** was the sole remainderman beneficiary of the trust due to the omission of the language that the term "child" or "children" also refer to the Decedent's stepchildren. Petitioner took prompt action to cause this petition to be filed.

The error in the language of the judgment is readily apparent from the judgment roll consisting of the original will, the petition for probate, the order for probate and the judgment of final distribution which clearly does not conform to Decedent's wishes as expressed in the Will.

Alternatively, the Judgment of Final Distribution to Testamentary Trust is a void judgment and is subject to modification because the omission in the language of the judgment resulted in the court exceeding its authority, however unintentionally by rendering a judgment for distribution which was contrary to the intent of the Decedent as expressed in his Will.

Granting modification of the judgment nunc pro tunc is appropriate because Petitioner is still alive and the interests of any remainderman of the testamentary trust have not yet ripened into current interests.

**Wherefore Petitioner prays** for an order that the following language erroneously and mistakenly omitted for the judgment shall be added to the end of the judgment to conform to the Decedent's intent as expressed in his will: "The terms 'Decedent's child', 'Decedent's children', 'child of Decedent' and 'children of Decedent' as used in this Judgment of Final Distribution and Final Distribution to Testamentary Trust and in the testamentary trust set forth herein shall include Decedent's child Cynthia D. Knott, and step-children Martin R. Claborn and Kimberly Claborn Miller."

**Points and Authorities attached to the Petition.**

**Response of Cynthia D. Watson to Petition for Order to Correct Clerical Error filed on 6/19/14.**

Respondent alleges the omission was not clerical and the Judgment is not void. The petition is not timely because the time to challenge a Judgment on direct appeal has passed. Respondent further alleges that the Petitioner does not have standing to prosecute this petition. The petition and each and every claim therein fails to state facts sufficient to constitute a cause of action or basis for relief. Petitioner is estopped by her own conduct from obtaining any relief under her Petition. Petitioner's acts, conduct and/or omissions were the proximate cause of Petitioner's alleged damages.

**Respondent prays as follows:**

1. Petitioner take nothing by way of the Petition;
2. That the Petition be dismissed with prejudice;
3. For costs of suit.

**Please see additional page**

**Points and Authorities in Support of Opposition to Petition to Correct Clerical Error filed on 6/19/14.**

**Petitioner's Reply to Verified Response of Respondent Cynthia D. Watson filed on 6/20/14.** Petitioner alleges Respondent has failed to file her opposition on a timely basis and the result is that she has waived any opportunity to oppose the Motion and has consented to the entry of the order requested in the motion. This is a motion to correct a clerical error in a judgment. The requirement for filing of papers opposing a motion are set forth in CCP 1005(b) which provides that all papers opposing a motion shall be filed with the court and a copy served on each party at least nine court days before the hearing. Respondent did not comply with this requirement. In fact, Respondent did not come close to complying with this requirement. It appears that Respondent's opposition was filed either Wednesday, June 18, 2014 or on Thursday June 19, 2014. Petitioner's attorney received a faxed copy of the response at 4:48 p.m. on Wednesday. In order for this response to be timely, it should have been filed at least by Tuesday, June 10, 2014, more than a week before it was filed. Opposing Counsel's late filing is prejudicial to Petitioner and other interested parties.

Petitioner further alleges that the cases cited by Respondent do not apply to an action to correct a clerical error pursuant to CCP §473(d). Respondent has misstated and misapplied the law. The case cited makes a clear distinction between the correction of a clerical error and the correction of a judicial error. The Court may correct by a nunc pro tunc order an inadvertent or clerical error. The distinction between a clerical error and a judicial error does not depend so much on the person making as it does on whether it was the deliberate result of judicial reasoning and determination. A clerical error in the judgment includes inadvertent errors made by the court which cannot be reasonably attributed to the exercise of judicial consideration or discretion. Clerical error is to be distinguished from judicial error which cannot be corrected by amendment.

Petitioner should be permitted to modify the order for Final Distribution to conform to the will because the order incorporates the terms of the will by reference.

Respondent's argument that the existence of Article Thirteenth B in the Will indicates that there is a different interpretation of the Decedent's intent is without merit.

In summary, it is clear from the evidence presented as well as the record in the court file that there was an error in the order which has an inadvertent mistake, not the result of judicial deliberation, but the result of an oversight. The law gives the court broad power to determine that an error was clerical rather than judicial, and therefore, this court has the opportunity to correct its error.

Petitioner has estimated that the property in trust has a value of approximately \$1,750,000.00. Obviously Decedent's daughter, Respondent, would like to receive those assets. However, her father clearly and expressed his intent that these assets be divided three ways among his daughter and step-children. Under the current order the assets will go entirely to Decedent's daughter completely in contravention of Decedent's intent as expressed in his Will. The Court has an opportunity and authority to prevent a great injustice.

**Please see additional page**

**Petitioner's Supplemental Reply to Verified Response filed on 7/2/14 states** the court may upon motion of the injured party correct clerical errors to cause a decree of distribution to conform to decedent's Will. Petitioner should be permitted to modify the Order for Final Distribution to conform to the Will because the order incorporates the terms of the Will by reference. (Cases cited in support of argument)

**Respondent's Additional Memorandum of Points and Authorities in Opposition to Petition filed on 7/1/14.** Respondent states in this case, the decedent's Will provides in Article SECOND "that the terms, "my child" and "my children" as used in this Will shall include my child and stepchildren . . ." and also includes Article THIRTEENTH B., which provides in part as follows: ""Issue" of a person means of such person's lawful descendants of every degree . . . However, nothing in this Will shall include foster children or step-children in the term "issue" "lineal descendant," or "ancestor.""

Neither Article SECOND nor Article THIRTEENTH B., are included in the Petition for Distribution or in the Judgment of Final Distribution. The two articles conflict and provide different definitions for "child" and "children."

Petitioner contends that the provisions of Article SECOND of the Will are incorporated into the Judgment. This is not the case. As Petitioner points out, the trust is to be held, administered and distributed only "in accordance with the provisions of Paragraphs SIXTH, SEVENTH, and EIGHTH of Decedent's Will." There is no mention in the Judgment of Article SECOND. (Cases cited in support of argument)

**Petitioner's Reply to Respondent's Additional Memorandum of Points and Authorities in Opposition filed on 7/8/14 states** Article Second and Article Thirteenth B do not conflict. Article Second and Article Thirteenth B are mutually exclusive. Article Second defines the terms "my child" and "my children". The parenthesis surrounding the terms in each of these sections make it clear that the respective definitions apply when the specific terms are used. Both terms "children" and "issue" are used in different places in the will. The terms are neither conflated nor used interchangeably as Respondent suggests. When the terms "child" or "children" are used, step-children are included in the definition. When the term "issue" is used, step-children are excluded. There is no judicial interpretation necessary here, nor is there any evidence whatsoever that the court was required to make, nor made, judicial interpretations regarding this issue. There is no evidence that there was a judicial interpretation made, but there is ample evidence presented that there was a clerical error.

In addition, the judgment makes sufficient reference to the will to incorporate the terms of the will into the order. The language in the order states, in "accordance with the provisions of Paragraphs SIXTH, SEVENTH, and EIGHTH of Decedent's Will. . ." In the will, the terms of Article Second are incorporated into the rest of the will, including, Articles, Sixth, Seventh and Eighth. The reference to Decedent's Will in the order would have no meaning if Articles Sixth, Seventh and Eighth are to be construed differently in the Judgment than in the will.

**Please see additional page**

**Respondent's Supplemental Memorandum of Points and Authorities in Opposition filed on 11/13/14.**

Objector alleges Petitioner's motion is an improper attack on a final judgment. Petitioner seeks to materially alter the Judgment even though the Judgment is *exactly* what Petitioner asked the Court to enter more than twenty years ago.

Law and argument included in the pleading.

Simply put, the distribution expressly and unambiguously requested in the prayer of the Petition for Final Distribution was the exact distribution that was granted and entered by the Court in its Judgment. Now, more than twenty years later, Petitioner has discovered her error and files the instant Motion asking this Court to issue an order nunc pro tunc in contravention of the well established and binding authorities cited. Petitioner has not submitted any evidence that there was an error in recording the Judgment. Indeed, the undisputed facts show that the Judgment entered in 1991 was precisely what Petitioner asked the Court to enter. The principle of finality of judgments prevails over changing a judgment to what "ought to have" provided. The instant motion should be denied.

**Status Report of Mary S. Watson filed on 10/9/14 states** the motion is ready for ruling by the court. The issue for the court is simply whether omitting the definition of the testator's children from the Judgment of Final Distribution was a clerical error or a judicial error. If it was a clerical error, as the Moving Party contends, then the court may now correct the clerical error under CCP§473(d).

On the other hand, if the court determines the error was judicial, and cannot be corrected under CCP§473(d), then we are left with an ambiguity in the Judgment as to the definition of "children" under the circumstances. Moving Party contemplates if this occurs, her daughter would petition the court to resolve the ambiguity. In that case, discovery to search for additional extrinsic evidence would be proper, even though the will itself seemingly conclusively resolves the ambiguity.

Respondent argues that Moving Party is not an "injured party," even though she was the decedent's personal representative and was duty-bound to execute the decedent's estate plan as stated in his will. This standing issue can be mooted by either the court correcting the error on its own as permitted under CCP §473(d), or by Moving Party's daughter joining the motion, which she is willing to do.

Accordingly, Moving Party requests that the court rule on the pending motion as soon as possible.

**Status Report of Respondent Cynthia D. Watson filed 10/9/14 states** while the Petitioner contends that there is a clerical error in the Judgment, Respondent maintains that the error is a judicial error, which cannot be corrected by a nunc pro tunc order. The Judgment is unambiguous. The claimed error is not a clerical error. Judith A. Ward, the paralegal who assisted Mary Watson in Mary Watson's pro per probate of the Will, states in her declaration filed with the court on August 7, 2014, that she "neglected to include in the petition of the proposed judgment the recitation . . ."

Although Judith A. Ward, by her own admission, may have been negligent, the real error in this case were the result of the Decedent and Mary Watson's neglect by not timely consulting with an attorney prior to the execution of a 24-page death bed trust will; not timely seeking legal advice from an attorney on how to provide for a blended family; by using a will that created a testamentary trust (requiring probate of the Will – which was done pro per) rather than using a revocable living trust (each spouse could have had his or her own living trust to deal with the disposition of his or her own property or share of the community property). The Decedent and Mary did change the title of joint tenancy property to community property thereby achieving the favorable income tax benefit of a step-up in basis of both halves of the depreciable farm property on Decedent's death.

Most applicable case authority is the *Estate of Eckstrom* (1960) 54 C.2d. 540, 7 Cal.Rptr. 124. In *Eckstrom* the Supreme Court held that clerical errors do not include those errors made by the court because of its failure to correctly interpret the law or apply the facts. It is only when the form of the judgment fails to coincide with the substance thereof, as intended at the time of the rendition of the judgment, that it can be reached by a corrected nunc pro tunc order.

No settlement offers have been commenced as of the date of the signing of this Status Report. Respondent believes that it is in the best interest of Petitioner, Petitioner's children, and Respondent that the parties engage in settlement discussions.

## NEEDS/PROBLEMS/COMMENTS (CONTINUED):

The following issues remain noted:

1. **Petitioner was appointed as Administrator with Limited authority under IAEA over eight (8) years ago on 2-24-06.** There was no mention in the original petition for probate of the real property in Merced County or the decedent's apparent farming business. The only assets originally alleged were income of \$38,000 annually (source not indicated) and proceeds from the foreclosure of certain residential real property in Fresno. Bond appears to have been based on this estimate.

At no time did the Administrator petition the Court for authorization to continue operation of the Decedent's business under Probate Code §9760 or to borrow, loan, etc., under Probate Code §9800.

Need clarification as to how these acts and transactions of the Administrator were to the advantage of the estate in the best interest of the minor heirs.

Note: There is no schedule showing net income/loss pursuant to Probate Code §1062(c); however, the estate/business appears to be operating at a loss, as the overall Disbursements exceeded Receipts, including loans, by approx. \$77,185.90, although according to the Reappraisal, the value of the real property itself has increased some. However, Examiner also notes that there is a negative balance of cash noted in the Ending POH of -\$4,852.34.

**Update: Petitioner has now filed a Petition for Order to Continue to Operate Decedent's Business and to Borrow Funds under Probate Code Sections 9760 and 9800. See Page B.**

2. **The Administrator had a duty to apply for increased bond upon knowledge of the bond's insufficiency pursuant to Cal. Rules of Court 7.204.**

It appears from this accounting that the annual income of the estate (business?) was approx. \$132,000.00, not including the loans from the Administrator. Therefore, together with the cash and personal property assets as inventoried, bond should have been increased to at least \$224,833.56 as early as the Administrator was aware. At this time, based on the approx. annual income plus the POH, bond should be increased to at least \$152,647.66.

**Update: Order to Increase Bond to \$150,000.00 was signed ex parte on 4-9-14. Additional bond was filed 5-6-14.**

**SEE ADDITIONAL PAGES**

**NEEDS/PROBLEMS/COMMENTS (CONTINUED):**

3. **Petitioner requests approval of payment of her Creditor's Claim filed 6-26-06 for \$150,000.00 plus accrued interest based on "Deed of Trust, Recorded on October 4, 1999."** However, there is no explanation regarding this transaction, including whether any payment schedule existed or payments were made prior to the decedent's death in 2005. Also, it appears interest has now been accruing for many years. Is there a reason the Administrator did not request allowance via proper channel previously (i.e., Allowance or Rejection form)? What is the current balance owing, and how was letting the interest accrue in the best interest of the estate and minor heirs?

**Update: Petitioner has now submitted the Allowance or Rejection of Creditor's Claim Form DE-174 to the Court for consideration. Pursuant to Order dated 4-11-14, the matter will be set for hearing and considered along with this petition. See Page C.**

4. Petitioner indicates that the Administrator has advanced costs to the estate totaling \$34,363.62. It appears that most of the "costs" listed appear to be business expenses, such as payment of wages and for machines, etc. Need clarification as to how these items are categorized as "costs" whereas it is known that the Administrator was also making "loans" to the estate for business purposes.

**Update: See below re Declaration filed 4-9-14.**

5. Petitioner's "costs" also includes payment of her former attorney Brian T. Austin's retainer in the amount of \$1,500.00. Please note that compensation has not been authorized to the attorney, nor is such authorization requested at this time.

**Update: Declaration states the attorney was paid \$1,500.00 for costs incurred, rather than as a "retainer" or as an attorney's fee. Petitioner is informed and believes that there is a balance owing the estate for the unused portion of these funds of \$652.00.**

6. This petition is filed as a "First Account;" however, it is far overdue and also does not indicate when the estate will be in a condition to close or request estimated additional time for administration.

Need verified declaration as to the condition of the estate, the reasons why the estate cannot be distributed and closed, and an estimate of the time needed to close the estate pursuant to Probate Code §12201.

**Update: See below re Declaration filed 4-9-14 and Declaration filed 10-28-14.**

Based on the above issues, the Court may strike any language confirming and approving the acts and transactions during the account period.

**SEE ADDITIONAL PAGES**

**Declaration filed 4-9-14 states:**

The principal asset of the estate is agricultural real property which is planted in almond trees. Since becoming Administrator, Petitioner has continued the decedent's business of growing and selling almonds. Initially, the debts of the estate exceeded the value of the assets, including the \$150,000.00 debt owed to Petitioner since before her son's death, and including the paper loss (mentioned above) in the amount of \$4,852.35. However, the last payment for the 2013 crop has come in that more than makes up for that amount.

Petitioner states there is also a lien against the amount payable for attorney's fees of \$2,073.28, but it is Petitioner's understanding that this does not reduce the value of the estate but is an issue to be worked out between Petitioner's current attorney and former attorney.

Regarding the \$150,000.00 promissory note owed to Petitioner: It bears an interest rate at 7% per annum. Petitioner has not been paying herself on this loan nor has she been paid any principal. The other loans she made to the estate for the farming operation have been interest-free even though this particular loan does bear interest. A copy of the note and deed of trust is attached to the Allowance or Rejection of Creditor's Claim filed herewith. (See Page C.)

Petitioner states the estate cannot be closed at this time because there is not enough cash in the estate to pay costs necessary to keep the almond trees productive and pay costs of administering the estate, including attorney's fees. Petitioner has listed the property for sale based upon the value determined in the Reappraisal for Sale; however, the value has been discounted by 20% based on this year's water shortage. Because of this discount, Petitioner is reluctant to let the property go for too small of an amount simply because prices are currently depressed. Petitioner would like to hold the asking price a little while longer to obtain the best price the market has to offer.

It is Petitioner's belief that it is in the best interest of the estate and in the best interest of her grandchildren, who are the heirs, that the court allow Petitioner to continue to operate the almond business with the assets of the estate until the property is sold.

Petitioner states she has, during the course of the administration, loaned money to the estate for the farming operation in order to fund cash flow. As Administrator, Petitioner would like the authority to loan and borrow funds if necessary, to continue to operate the business. It is anticipated that she would be the lender and the term of the loan would be until either the property is sold or the crop is harvested and sold, whichever comes first, as has been the case with all the loans made to the estate. The loan(s) would not have interest.

**Declaration filed 10-28-14 states:** The principal asset of this estate is real property planted with almond trees. Petitioner listed the property for sale on 4-7-14 at \$1,500,000.00. When there had been no active interest by anyone, she cancelled the listing. Since the original listing wouldn't expire until 10-31-14, she was afraid that if she actively marketed the property or listed it with anyone else, the first listing agent would still get a portion of the sale price. On or about 10-16-14, she called her attorney, who, after listening to her predicament, advised her to list the property with another realtor right away. On 10-16-14, she listed the property for \$2,400,000.00. However, the attorney told her that the price should have been the reappraisal price of \$1,095,000.00. At present, almost all costs for the 2014 crop have been paid using the first one half of the payment made when the almonds were purchased. The remaining outstanding bills are listed in Exhibit E. The second half of the proceeds from the sale of the 2014 crop is due mid-January in the amount of \$103,334.01. This will leave a balance which should be adequate to pay the cost of closing the estate; however, it may not be enough to also pay off the \$150,000.00 that Petitioner made to her son before his death.

Petitioner states if the real property is distributed in kind, the period immediately after mid-January would be the best time of the year for the almond production. However, Petitioner believes it is in the best interest of the estate to sell the property rather than distribute in kind to her grandchildren.

Therefore, Petitioner would like the Court to give her more time to sell the property.

<b>DOD: 11-27-05</b>		<p><b>ANITA CHOPERENA</b>, Administrator with Limited IAEA with bond of \$106,000.00, is Petitioner.</p> <p>Petitioner requests an order authorizing her to continue to operate the decedent's business of growing almonds and selling them. The Administrator has been operating the business with some success over seven years. The estate is not in a condition to close because it does not have enough cash to pay the costs of administration. Therefore, the real property must be sold. If left unattended until it is sold, the almond trees may die from lack of water or become stressed and unproductive.</p> <p>It is therefore in the best interest of the estate and the heirs that the Administrator be allowed to continue to operate the business while she goes through the process of selling the real property.</p> <p>In order to fund the cash flow of the almond growing business, the Administrator has been making interest-free loans to the estate. It is anticipated that this practice will need to continue in order to continue with the business. §9800(a)(3) provides that if the court determines that it would be advantageous to the estate it may make an order allowing the personal representative to borrow against the estate for purposes of preserving the property of the estate. The Administrator believes that such borrowing is necessary in order to keep the almond trees on the property alive and productive.</p> <p><b>Wherefore, the Administrator asks for an order allowing her to continue to operate the decedent's almond growing business and allowing her to borrow money in order to carry on the business.</b></p>	<p><b>NEEDS/PROBLEMS/COMMENTS:</b></p> <p><b>Minute Order 11-5-14:</b>  <b>The Court orders that Petitioner is not allowed to sell the property without Court approval. **Reviewed on: 11/21/14**

**Updates:**

**Recommendation:**

**File 4 - Smart**

Petitioner states prior to mid-January 2013 the estate had no cash for payment of decedent's funeral expenses, the expenses to maintain decedent's real property prior to sale, and the retainer requested by the attorney Petitioner hired to take action against Gaylene Bolanos and her confederates. Petitioner borrowed \$10,900.00 from a friend named Rich Curll, to pay those expenses.

**Petitioner prays for an Order:**

1. The first and final account and report of Petitioner as Administrator be settled, allowed and approved as filed;
2. All acts and proceedings of Petitioner during his tenure as Administrator of the Decedent's estate be confirmed and approved;
3. Such further order as the Court considers proper.

---

**NEEDS/PROBLEMS/COMMENTS (Cont.):**

5. Petition states Attorney Leigh Burnside filed an action against Gaylene Bolanos and others to recover the wrongfully taken property. Petition states Ms. Burnside has requested entry of the defendants' default and is in the process gathering the bank record and other information necessary to submit the prove up for requesting entry of judgment. Note: Examiner was not able to find any action against Ms. Bolonos in Fresno County. Court will require the case number of the action filed against Ms. Bolonos to recover assets.
6. Petition states 9,500.00 was paid to attorney Jeff Hammerschmidt as a retainer for his services to file an action against Gaylene Bolanos and her confederates. Court may require more information as to the litigation and the status of the retainer paid to attorney Hammerschmidt. Note: If Mr. Hammerschmidt did not do any work as alleged, then the retainer should be returned. Mr. Hagopian should have received a billing statement from Mr. Hammerschmidt regarding the retainer. The Court will require a copy of the billing statement showing what portion of the retainer was used and what it was used for.

**Please see additional page**

**Note: Objections filed by Brandenburger & Davis, an heir search company and assignee a portion of the individual interest of several of the intestate heirs of the Decedent, was filed on 6/12/14** (in relation to the previously filed accounting. Many of the issues raised are relevant to this amended accounting). Objector states they represent the interests of intestate heirs on the decedent's paternal side. Decedent's father had four sibling, all of whom are deceased. The persons listed in the objections are issue of those siblings and they are 1<sup>st</sup> cousins or, in some cases 1 cousins once removed of the decedent. Brandenburger and Davis will file a Petition to Determine Heirship in this matter, if necessary. The persons listed in Petitioner's petition are from the decedent's maternal side. Objector believes that all of the siblings of the decedent's mother, Dolores Milano, died without issue and so the closest maternal heirs of the decedent are second cousins or more remote heirs.

Objector objects to the Petition on the following grounds:

- a. The accounting shows \$9,500 to attorney Hammerschmidt, but there is no details of why Mr. Hammerschmidt was retained or what services he rendered.
- b. In a separate filing in this matter on 10/9/13 to compel delivery of the estate under Probate Code §850, the Petitioner asserts that he inquired about the decedent's assets between January and April 2012 and by April became suspicious of the respondents named in the §850 petition. He alleges that no less than \$150,000 of the estates assets were wrongfully taken. Petition further states that \$10,268.71 which was shown on the opening inventory, partial no. 1 was not in the bank account when the Petitioner presented his Letters of Administration to the bank after the estate was opened. No explanation is offered as to how the respondents in the §850 petition were able to access an account in the name of the decedent or what action was taken, if any, he took to learn from the bank how the funds were released to anyone other than the Petitioner.
- c. The fact that Petitioner may have been duped by people he liked does not relieve him of his fiduciary duties to the estate and its beneficiaries. The Petitioner should provide greater detail of his activities as Administrator.
- d. No bond was required of the Petitioner because he filed waivers of bond by the seven individuals whom he represented where the issue of the decedent's grandparents and the only persons entitled to inherit the estate. Objector believes that the persons who waived the bond are the issue of the great-grandparents of the decedent and, therefore, not the 1<sup>st</sup> cousins as represented by the Petitioner. Petitioner has not shown that he made any attempt to determine if there were closer heirs before obtaining waivers of bond.

**Wherefore Objector prays that:**

1. The Petition be denied.
2. That the Petitioner's actions as Administrator not be confirmed or approved;
3. That the Petitioner be ordered to provide a more complete and correct accounting of his actions as Administrator;
4. That the Court reserve jurisdiction to determine if the Petitioner should be surcharged for his actions as Administrator.

## Reset: Petition to Determine Succession to Real Property (Prob. C. 13151)

DOD: 7/26/2000		<p>MARY MCGEE, RITA JONES, EARL LOCKHART, JR., EVERLENER SMITH, JACKIE LOCKHART, ARTHUR LOCKHART, DAVID LOCKHART, RICKY LOCKHART, JAMES LOCKHART, grandchildren, are petitioners.</p> <p>40 days since DOD.</p> <p>No other proceedings.</p> <p>Decedent died intestate.</p> <p>I &amp; A - \$110,000.00</p> <p><b>Petitioners request</b> court confirmation that Decedent's 25% interest in real property located at 962 75<sup>th</sup> Ave Oakland, CA pass to 1/9 to each of them pursuant to intestate succession.</p>	<p><b>NEEDS/PROBLEMS/COMMENTS:</b></p> <p><b>Continued from 8/28/14. As of 11/21/14 the following issues remain:</b></p> <p>1. A Petition to Determine Succession to Real Property was previously filed for this decedent (that petition was denied on 1/31/13). In the previously filed petition the petitioners were requesting a 50% interest pass to petitioners. (This decedent had a 25% interest in the real property and her sister had another 25% interest. The petition alleged that decedent's sister's 25% interest belonged to this decedent because the sister had died and decedent was her sole heir). The Inventory and Appraisal in the first filed petition listed the value of the property (50%) at \$110,000.00. This petition includes a copy of the same inventory and appraisal valued (25%) at \$110,000. How can the 50% interest alleged in the first filed petition and 25% interest as alleged in this petition both be valued at \$110,000? – <b>Declaration of Attorney states</b> the property is appraised at 100% therefore a 25% interest would be \$27,500.00. This petition only concerns a 25% interest in the estate. <b>Examiner note:</b> Pursuant to Probate Code 13152(b) and Probate Code §8802 the property listed shall state the fair market value of the property at the time of the decedent's death. <b>Therefore need amended inventory and appraisal showing the value of decedent's interest in the property as of her date of death.</b></p>

2. Decedent was also survived by a 10<sup>th</sup> grandchild, Opal White. Opal White died on 5/25/05 (after this decedent) therefore her estate is entitled to a 1/10 share of this estate. Petition states her son, Danny Brown has filed an Affidavit Re: Real Property of Small Value to pass Opal's interest in the real property to him. However, Opal's interest must first pass to her. In addition, someone (a special administrator?) will need to sign this petition on her behalf. Note: A special administrator cannot be appointed in this estate for Opal. A special administrator will need to be appointed in a new case for Opal's estate. – Petitioner contends that the issue of the 2.5% interest passing to the heirs of Opal White is not before the Court. Danny Brown has filed an Affidavit Re: Real Property of Small Value to claim the final 2.5% interest from the estate of Opal White. Danny Brown is not a petitioner herein, and seeks no relief in this petition. – **Examiner note:** The problem is that before the property can pass to Danny Brown the property must first pass to Opal White's estate. Therefore a Special Administrator would need to be appointed (in a separate proceeding) to be able to sign this Petition to Determine Succession on Opal's behalf in order to pass Opal's interest in this estate to her estate. After the property is in Opal's estate then Danny Brown can file the Affidavit Re: Real Property of Small Value.

**Declaration of Randolph Krbecek filed on 8/27/14 states** he cannot attend the hearing on 8/28/14 because he is required to be in Redwood City for closing arguments. Mr. Krbecek requests a continuance of 90 days to address the examiner notes.

**NEEDS/PROBLEMS/COMMENTS:**

1. As previously noted for the original petition, there is no such thing as a verbal testamentary trust. A testamentary trust is a trust created by a will. See §17300. The decedent died intestate and her heirs are her two children, who are both adults. Further, the "Agreement" is signed only by Petitioner, and although it states the decedent verbally stated certain wishes, it does not provide details that would be relevant to an establishment of an oral trust under §15207, and this petition has not been brought under that section. Need authority for distribution in trust rather than outright to the heirs.
2. Various "advances" were made to the decedent's two children by Petitioner as "trustee" without Court authorization in violation of §11620. Jessica Hinojosa received \$10,559.74 and Armando Montero received \$10,000.00, plus \$2,116.68 for funeral expenses (not itemized) and \$2,000.00 was paid to McCormick Barstow on his behalf. The Court may strike any language approving the acts and transactions of the personal representative.
3. Consistent with the Court's recent practice, if Court determines an informal accounting of the closing reserve is warranted, Court will set a Status Hearing as follows:
  - Wednesday, June 3, 2015 at 9:00 a.m. in Dept. 303 for an Informal Accounting of the \$5,000.00 Closing Reserve.

Pursuant Local Rule 7.5, if the document noted above is filed 10 days prior to the date listed, the hearing will be taken off calendar and no appearance will be required. Filing of the informal accounting of closing reserve will not generate a new hearing date.
4. Need order. Local Rule 7.1.1.F.

Petty filed a Final Inventory and Appraisal; however, it is signed only by the attorney, and the signature is not dated. <i>Please note that an attorney cannot verify a report for a fiduciary. Probate Code §1023.</i></p> <p>Mr. Petty also filed a declaration that states he was unaware that the I&amp;A had not already been filed. Mr. Petty requests that the Court show lenience on the attorney and the executor for the attorney's failure to appear and failure to timely file the I&amp;A. Please see declaration for details. Mr. Petty asks that the Court forgive this error and find that sanctions should not be imposed. Mr. Petty also requests that if the Court chooses to impose sanctions, that they be for him only and not for his client, Ms. Peteron, as she relied on Mr. Petty's representation.</p> <p>Mr. Petty also requests that the Court not require Ms. Peterson to attend the hearing on 12-3-14, as she resides in Rhode Island, and this would cause an incredible hardship.</p> <p>If the Court finds this declaration and accompanying I&amp;A sufficient, Mr. Petty asks that the Court find this 12-3-14 hearing unnecessary.</p>

		<b>ROBERT M. MOCHIZUKI</b> , Trustee, is Petitioner.	<b>NEEDS/PROBLEMS/COMMENTS:</b>
		<b>Petitioner states</b> Settlers Robert Mochizuiki, aka Shigeki Robert Mochizuki, and Masako Mochizuki, both deceased, created the trust. **Page 2**

**Petitioner states** even if the property is sold "as is" this would not stop governmental authorities from coming back after the Trust, the trustee, and beneficiaries who receive distributions. Various federal and California statutes saddle prior landowners with liability for environmental issues even after a property is sold, even if disclosed to buyers. To address this, Petitioner could, in theory, obtain indemnity from a buyer, but this would likely significantly depress the sales prior and would only be as good as the worth of the indemnifying party.

A disagreement has also arisen among beneficiaries regarding making a preliminary distribution of the Trust estate while Petitioner deals with the environmental issues. A Trust beneficiary has asked for a large preliminary distribution. However, Petitioner is concerned that the environmental liability could exceed the entire trust estate. While initial cleanup costs are well below the size of the trust estate, there is some likelihood that the estimates are too low and that when work starts, worse problems will be uncovered.

Petitioner has consulted with two appraisers and an independent commercial real estate broker and there is consensus that the property would likely be used as a multi-family development. Petitioner notes that the homes are vacant and as such are a liability. Petitioner has already obtained bids for asbestos remediation, cleanup of contaminated ground, and removal of the structures. If the Court grants the relief requested, Petitioner will obtain updated final bids and begin asbestos remediation. Once cleanup is complete, the trust could offer a potential buyer assurance that all issues are remediated.

**Petitioner prays for an order instructing Petitioner:**

- a. Whether Petitioner as trustee is acting in the best interests of the Trust beneficiaries by proceeding with his plan to remediate the environmental issues and remove the structures at the property before listing it for sale; and**
- b. Whether Petitioner as trustee is justified in withholding any preliminary distribution at this time until the extent of the cost to remediate the environmental damage is finally determined; and**
- c. For any other relief the Court deems just and proper.**

**Beneficiary Chris Mochizuki filed a Response on 6-5-14.**

**SEE ADDITIONAL PAGES**

Page 3

**Chris Mochizuki states** the property is no longer operated as an orchard and there are several abandoned buildings on the property. It is suitable for residential uses, but would have to be incorporated into the city, rezoned, and subdivided. Based on appraisals obtained by the trustee, the property is valued at approx. \$430,000. The trust has no liabilities or debts apart from the claimed risk associated with the remediation of hazardous substances on the property.

The Trustee is required to wrap up the affairs of the trust and distribute the net assets to the beneficiaries within a reasonable time. The Trustee has the power to comply with environmental laws and to "abate, clean up, or otherwise remedy" any violation of environmental laws. To date, Petitioner has only made small advances to Larry for help with his living expenses. He has refused to make any other distributions from the substantial cash reserves, supposedly because of the risk of runaway remediation costs for the property. However, he has taken no steps to begin remediation or to sell it "as is." Consequently, the beneficiaries are receiving nothing.

Petitioner expresses fear that the cost of remediating hazardous substances on the property justifies his delay in distributing cash to beneficiaries. However, he has not been entirely candid with the Court. The bids show costs of approx. \$50,000 for the entire remediation, which is less than 3% of trust assets. Even if he decided to reserve more, there would be plenty of liquid assets to make a sizeable interim distribution to beneficiaries.

Petitioner claims it is necessary to reserve the entire \$1,400,000 in case the remediation costs spiral out of control, but provides no objective basis for this fear. Moreover, if there is really a danger that costs could approach that amount, why begin the process at all to remediate a property that is worth, at best, \$600,000? If the risk of uncontrolled remediation costs is genuine, the trust would be better served by selling the real property "as is" for a reduced price and indemnity from a buyer, then distributing cash assets.

Administration of the Trust has been paralyzed by Petitioner's inability to decide whether remediation should or should not proceed. The Court should instruct him to either remediate the property or sell it "as is." In the meantime, Petitioner should be instructed to make a substantial interim distribution so that the beneficiaries can receive some of the benefits intended by their parents.

Respondent provides discussion regarding the environmental concerns on the property. See Response for details.

**Respondent concludes that even if the costs double or triple, they would represent only a small fraction of the Trust's assets. It is difficult to understand Petitioner's concerns about uncontrolled costs, his reluctance to market the property "as is," and why he has allowed this minor problem to stall administration of the trust for the past year. The Court should require Petitioner to make a decision whether to remediate or sell "as is" and then act on it in a timely manner. The Court should require quarterly reports so that this process can be monitored by beneficiaries. In the meantime, Respondent respectfully requests that the Court order Petitioner to make a preliminary distribution to the beneficiaries of not less than \$1,000,000.**

**SEE ADDITIONAL PAGES**

**Page 4**

**Respondent Chris Mochizuki filed Further Response on 9-18-14 that states** the current status is unknown. The trustee has not provided any information on the status of the remediation effort. They do not know how much of the work was completed, what remains, whether any unexpected contamination was encountered, the costs to date, or the costs to complete. There have not been any discussions of interim distributions. The trustee's continuing failure to provide information to the beneficiaries is unexplained and should not continue.

**Respondent requests a Court order as follows:**

1. That the trustee provide a full report to the Court and all beneficiaries regarding the work performed to date and the cost thereof within 10 days;
2. That the trustee provide a further report to the Court and all beneficiaries within 10 days regarding the remaining work to be performed, the estimated cost of the work, and the completion date, supported by documentation from contractors retained to perform the work;
3. That the trustee make an interim distribution of \$1,000,000 to the beneficiaries in accordance with their interests under the trust within 10 days; and
4. That the hearing on this matter be continued for 30 days to determine the status on the remediation and whether the property can now be listed for sale.

**Status Report filed by Attorney Steven Matlak (not verified by trustee) provides status of the various projects and states work is still in progress and an additional 45 days is needed in order to complete the initial phase of the remediation work. See report for details re asbestos demolition, etc. Mr. Matlak states the trustee believes the work can be completed by November 1, 2014 and requests the Court continue this matter for an additional 45 days.**

**On 10-24-14, Respondent Chris Mochizuki filed Further Response wherein the above request is reiterated.** Respondent states the Court and beneficiaries have been patient with this process, but there is no longer justification to continue withholding over \$1 million in cash in a trust that has no liabilities. The Trustee's continuing failure to provide information to the beneficiaries is unacceptable and should not continue. If the trustee refuses to keep the beneficiaries informed and refuses to administer the trust for their benefit, he should resign or be replaced.

**An unverified status report was filed 10-27-14 by Attorney Matlak.**

**SEE ADDITIONAL PAGES**

**Page 5**

**Status Report (not verified) filed 10-27-14 by Attorney Steven Matlak states** since the last hearing, the structures at the subject property have all been demolished and removed, and the contemplated soil removal has been completed. Further testing by Derek Wong of Innovative & Creative Environmental Solutions (ICES) found contamination was still present, and further excavation is recommended. The trustee has engaged Jeff Kroker of Kroker, Inc., to continue deeper removal of the soil, at which time ICES will conduct further testing.

The report states vandals stole wire from the temporary power pole and well, causing a delay to the project, as power is required by Mr. Kroker. A covered fence is being installed around the pump and power pole at an additional cost of \$1,500.00 to prevent this in the future.

The trustee timely completed all work anticipated in the last status report. Because digging at a deeper level is now recommended by ICES, the potential liability faced by the trust still remains unknown. If the contamination has reached the groundwater, for example, the cost could still significantly increase.

Because the extent of the damage is still unknown, Petitioner respectfully requests the Court continue this matter for an additional 30 days for further status and to provide time for additional clean-up work. The ultimate goal is a report from ICES that will be filed with the county that documents the completion of the remediation work that was identified in the environmental site investigation.

If the cleanup work is complete before the next hearing, and no further contamination is found, the trustee is prepared to release a substantial preliminary distribution of the bulk of the trust's assets, less a reserve of \$250,000.00 to cover future legal fees, trustee fees, property tax, insurance and maintenance fees, and any costs associated with sale. The property will be listed for sale as soon as the cleanup work is completed and Petitioner has been in contact with Bobby Fena of Colliers International. Petitioner provides a discussion of additional issues that may arise at sale with reference to the proposed reserve amount.

**NEEDS/PROBLEMS/COMMENTS:**

1. Petitioner has not been appointed as Guardian Ad Litem of the minor in this proceeding pursuant to applicable law. The Court may require appointment herein for standing to bring this petition. Please see Probate Code §§ 3602(d), 3604, and Mandatory Judicial Council Forms GC-100 and GC-101.
2. Article III, Paragraph 2 gives the trustee sole discretion over distributions. The Court may require more specific language distinguishing between discretion over basic distributions for the beneficiary's special needs from major distributions from the SNT for major purchases, and requiring Court approval for such major purchases, including how title will be held, etc. For example, purchases of vehicles, real property, or assets valued at a certain amount would require noticed petition and Court approval, and upon approval would be included thereafter as an asset of the trust for accounting purposes.
3. Article III, Paragraph 2(b) authorizes reasonable expenses for residence in a group home, board and care facility, or other living arrangement indicated by the beneficiary's disability. However, basic shelter-related expenses are not a permissible use of special needs trust funds and could result in a reduction of benefits. The Court may require this language to be stricken from the SNT.
4. Article IV, Paragraph 5 provides for accountings to be filed with the Court and sets forth who should be noticed for the accounts, including the trustee, the beneficiary, and the various agencies. The Court may require revision to include notice to interested parties pursuant to Probate Code §§ 2621 and 1460, and including Ms. Amara, mother of the beneficiary, who should also be appointed as guardian ad litem for the beneficiary in this matter, as noted in #1 above, and/or any guardian or conservator who may be appointed in the future.
5. Article VI, Paragraph 5 authorizes just and reasonable compensation to the trustee in an amount fixed and allowed by the Court, and states that subject to §2643 and Rule 7.755, the trustee may receive periodic payment of compensation on account. The Court may require clarification that the trustee may receive such periodic payment upon Court authorization.
6. Need order. The order should incorporate the terms of the SNT as modified pursuant to the above and any further order of the Court, and should include a signature line for the judge after the last attachment, but with some portion of the order on the page, pursuant to Local Rules 2.1.15 and 7.6.1.

Note: If granted, the Court will set status hearings as follows:

- Wednesday, January 21, 2015, for filing of bond in the amount of \$262,000.00
- Monday, August 31, 2015 for the filing of the first account by the trustee  
(date requested in petition)

If the required items are on file prior to the status hearing dates pursuant to Local Rule 7.5, the status hearing date may be taken off calendar.

**Petition for Approval of Exemption from All Accounting Requirement for Small Estate; Request for Termination of Conservatorship and Discharge of Personal Conservator (Representative) and Request for Waiver of Fees.**

<b>DOD: 7/30/14</b>	<b>MONTIE DAY</b> , Conservator, is petitioner.	<b>NEEDS/PROBLEMS/COMMENTS:</b>
<b>Cont. from 090414, 100214</b>	<b>Petitioner states</b> between the opening of the conservatorship and the date of death of Thelma Day, the conservatorship received \$1,167 per month from social security. The amount of the care facility (Clovis Quality Care) was approximately \$3,200.00 per month. Accordingly the money was transferred to the Thelma Day Trust and used 100% for the care of Thelma Day. The estate at the beginning of the account period was \$2,000.00 and at the end of the account period \$13,562.36. Therefore the estate meets the requirements of Probate Code §2628 to be exempt for the requirements of an accounting. At the end of this period of account there are no assets, cash or otherwise held by Thelma Day or by the Conservatorship.
